RESPONSE TO RESTRICTION REQUIREMENT

Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450

Sir:

In response to the Restriction Requirement dated August 27, 2003, Applicant hereby elects with traverse, Group 2, claims 6-9. All the claims in the application involve related subject matter, e.g., human ANH401. A search would therefore comprise overlapping subject matter, and it would not be an undue burden on the Examiner to carry out a search. "If search and examination of an entire application can be made without serious burden, the Examiner *must* examine it on the merits, even though it includes claims to independent or distinct invention." (Emphasis added.) M.P.E.P. 803. Accordingly, withdrawal of the restriction is respectfully requested.

Respectfully submitted,

Richard M. Lebovitz, Reg. No. 37,067
